MEMORANDUM OF UNDERSTANDING WITH THE DEPARTMENT OF HOMELAND SECURITY AND LOS ANGELES COUNTY BOARD OF SUPERVISORS

On January 25, 2005, your Board approved a Memorandum of Understanding (MOU) with the United States Department of Homeland Security, to allow the creation of a pilot project in which County personnel would perform specified United States Immigration Customs and Enforcement (ICE) functions. Primarily, Sheriff Department personnel would interview convicted, foreign-born inmates confined within the Los Angeles County Jail system, as specified in the MOU, to determine if the inmates were in the United States legally, and if not, transfer them to federal custody for a deportation hearing. Training was to be provided to the County by ICE.

Extension of the pilot project would be contingent on several factors, one of which was an evaluation of the project by the Sheriff's Department (Sheriff), in conjunction with the Chief Administrative Office (CAO). The evaluation would identify the effectiveness of the program as well as any of its deficiencies. The information provided in this memo summarizes the program results and provides the CAO recommendation based on these outcomes.

RECOMMENDATION

Based on our analysis of the pilot project statistics and review of the Department's progress reports, we believe that the objectives of the pilot project were achieved and the program should be continued.

Each Supervisor
February 5, 2007
Page 2

Factors considered in reaching this recommendation included: a projected increase of 80 percent in the number of holds issued annually; there was no impact to net County cost; a sample of the disposition for inmates on which holds were issued showed that each was transferred to federal custody within 48 hours upon completion of their County sentence; there is a potential to increase the County's share of State Criminal Alien Assistant Program (SCAAP) revenue; and the Ombudsman reports that no complaints were received related to the Sheriff's practices concerning ICE.

All interviews were conducted post conviction.

PROBLEM STATEMENT

The Sheriff indicates that deportable criminal aliens make up at least 16 percent of the County's jail inmate population. Approximately 15,005 inmates are booked into the Sheriff's Inmate Reception Center each month. Based on the above, it is estimated that the Department is currently housing 2,400 deportable criminal aliens per month. The County's estimated daily cost to house an inmate in County Jail is \$83.50 per day, which equates to \$200,400 per month if each deportable criminal alien were incarcerated one day. Given the average stay in County Jail is 39 days, the estimated minimum cost per year to house deportable criminal aliens is \$93.8 million.

Due to staffing shortages at the federal level (which limits the number of ICE agents available for assignment to this function) and jail overcrowding, the majority of arrestees were being released from the Sheriff Department's custody before ICE officials had an opportunity to screen them. An alternative solution was therefore necessary to provide the manpower to perform this task.

PILOT PROJECT

On November 29, 2005, eight Sheriff's Custody Assistants entered a 4-week training and certification process, conducted by ICE, to learn the techniques used to interview inmates at the Inmate Reception Center (IRC) to determine if they are criminal illegal aliens or deportable under other federal statutes. An additional four (4) weeks of training were provided to the Custody Assistants while they worked directly with an ICE agent at IRC. The eight Custody Assistants were then granted limited federal powers to place immigration holds on inmates and refer them to ICE to be processed for deportation.

Page 3

The goal of the program was to achieve a reduction in costs associated with recidivism by criminal illegal aliens and jail overcrowding.

Analysis

To measure the outcome of the pilot project, immigration interview and hold data collected before and after the pilot program (i.e., performed a before-and-after comparison) was analyzed.

During the six-month pilot project, which began January 30, 2006 and ended July 28, 2006, eight Custody Assistants interviewed 4,446 convicted, foreign-born inmates resulting in the issuance of 2,569 ICE holds. During that same period, the two assigned ICE agents conducted 423 interviews, resulting in 285 holds. The combined effort yielded 4,869 interviews and 2,854 holds. (See the 2006 information on Attachment I.) The Custody Assistants produced 91 percent of the interviews and 90 percent of the holds issued. By comparison, the two ICE agents produced 9 percent of the interviews and 10 percent of the holds.

The data was then annualized and compared to the ICE data for the 2005 calendar year. The projected results showed that if the program were allowed to continue for 12 full months, the Custody Assistants would potentially conduct 8,892 interviews and issue 5,138 holds. In 2005, ICE statistics show that 4,869 interviews were conducted, and 2,854 holds were issued. The projected annualized output using the Custody Assistants, represents an estimated 83 percent increase in interviews, and an estimated 80 percent increase in the issuance of holds over the 2005 ICE results. This data, and that provided in the previous paragraph, provide support for the conclusion that the use of Custody Assistants to conduct the interviews and determine immigration status is a viable solution to the ICE agent shortage.

The Sheriff indicates that all held inmates are transferred to federal custody within 48 hours. It should be noted that inmates are transferred only after they complete their County sentence which may be reduced pursuant to the percentage release program guidelines. After a detainee has completed his/her County sentence, ICE authorities have 48 hours to pick-up the detainee before he/she is released. Attachment II is a Sheriff's report documenting the date on which 396 ICE detainees were transferred to federal custody during July 2006. As the report indicates, these detainees identified by the Department as "criminal alien" were transferred to federal ICE authorities in a timely manner.

In addition, the Department further reports that "on July 17, 2006, the Office of Detention and Removal Operations implemented a program called Operation Reservation Guaranteed. The ultimate goal of this program is to ensure that no criminal alien apprehended during the remainder of the fiscal year be released into the community due to a lack of detention space."

Currently, there is no ICE report to provide information at the County level on the ultimate disposition of criminal aliens. ICE tracks criminal aliens by region only. Although Custody Assistants were able to gather information for a one-month snapshot of February 2006 (Attachment III), which shows that 87 percent of the 498 inmates transferred during that month were removed from the Country, the process was cumbersome and time-consuming, and required access and input into two different databases. In an effort to resolve this difficulty, the Sheriff's Department will work with ICE to see if they can provide a reporting tool to meet the County's information needs on an ongoing basis.

The Department utilized existing staff with similar duties and responsibilities, such as those conducting classification, security, and housing placement interviews to perform the ICE interviews. Thus, there was no increase in costs to the County. This staff was able to absorb the ICE interviews and associated workload within their scheduled 10-hour shift.

Potential Impact on State Criminal Alien Assistance Program

The State Criminal Alien Assistance Program (SCAAP) provides reimbursement to state and local governments for costs incurred for incarcerating undocumented criminal aliens as a result of state/local charges or convictions. While there is no direct link between the amount of SCAAAP funding received by the County or appropriated by the federal government and this program, the County's share of the SCAAAP allocation could increase if we appropriately and timely identify the number of criminal aliens in our custody. Continuation of the use of Custody Assistants to conduct the ICE interviews can also help in this effort. The estimated annual cost for the first year of the program, using Custody Assistants is \$462,000. However, as previously noted, it is currently estimated that it costs the County \$93.8 million annually to house deportable criminal aliens.

Page 5

CONCLUSION

The data shows a significant improvement in program results and was performed with existing personnel, resulting in no additional net County Cost. In addition, it indirectly provides the potential improvement in the Departments revenue. Based on these findings, it is the recommendation of this office that the program should be allowed to continue.

If you have any questions regarding this report, your staff may contact Debbie Lizzari, at (213) 974-6872.

***Note: Inmates are transferred to Federal custody AFTER completing County time. Early percentage releases are documented.

IMMIGRATION AND CUSTOMS ENFORCEMENT (ICE)

Disposition of Transferred Inmates

During the month of February 2006, Sheriff's Department personnel interviewed 636 inmates resulting in the transfer of 498 inmates to ICE. Using ICE records, staff obtained the disposition status of the inmates. Please note: there was no data provided for 34 of the inmates, therefore, for statistical purposes they were excluded from the calculations. The disposition of the remaining 464 inmates is summarized below.

REMOVED FROM THE COUNTRY	
387	Ordered removed by magistrate, process begun within 72 hours
16	Voluntary departure
403	TOTAL
87%	

COURT HEARING PENDING	
4	In-Custody pending court
21	Bond release (must return on future court date)
15	Released on Own Recognizance (OR)
2	Sent for prosecution (result of several prior removals)
42	TOTAL
9%	

RELEASED	
7	Relief granted
6	Released from ICE (no action completed)
6	Cases terminated by Immigration Judge
19	TOTAL
4%
